History (Centenary Camp!)

Frank Hollands began farming here in **1922** and his son **Ralph** continued until his retirement at the end of the nineties. **Ralph's** son **David** thought farming was too much like hard work and so, with **Esther**, began running camps in 1994. Children's camps are held during the May ½ term, and the GBM Youth camp is held at the end of August – more details on the Root Hill website. The picture shows **David** & his sister feeding chickens in the camp field in 1965, but nowadays the only livestock running round the farm are unruly campers!
